

# TPRS Storytelling Celebrity Masks

When having students ask out scenes of a story, throw a celebrity into the story and watch students' interest automatically climb.

Print out these masks and tape a popsicle or craft stick as a handle.

For extra durability, print on cardstock or laminate.

If your students are *loco* for other celebrities, google image their face and print it out.

Take a picture of your students with a mask and tag us on social media @SpanishPlans
